

Thank you for attending the Project Management College of Scheduling Annual Conference at Le Méridien Philadelphia, April 7-10, 2019.

This year's conference theme is *The Declaration of Interdependence*. Get a glimpse as to where the scheduling profession is heading in an increasingly complex world where time, cost, quality, safety and risk are all interdependent components in determining a project or program's success.

This memory stick has been provided to allow you to easily view the papers and presentations from the conference.

We look forward to hosting you next year at our *Fifth Annual Conference* at a soon to be announced location in the south or southwestern United States.

Stay tuned to www.pmc.org for updates on next year's program and other upcoming events!
